

# 214301 OMINO HELI PLUS

**TEAM RESCUE**

Chosen by

C.N.S.A.S.  
Italian Alpine and Caving  
Rescue Organization

A flexible webbing multi-anchor point designed for winch operations during helicopter rescues.

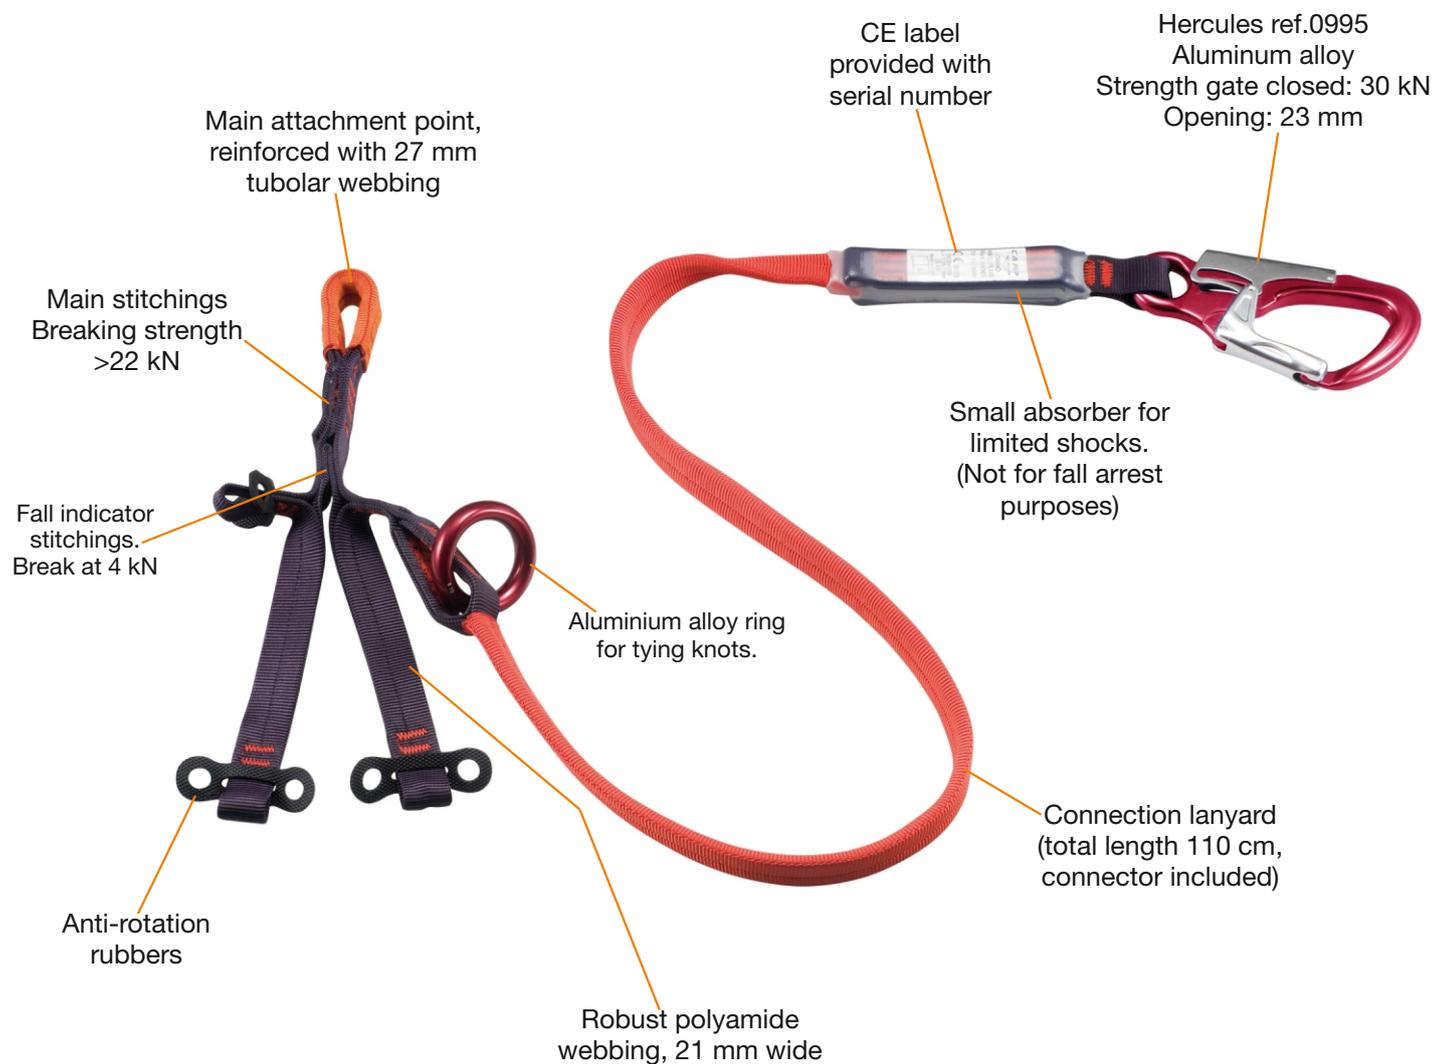

Allows for the creation of a three point anchor from a single attachment point.

Equipped with a 110 cm back-up lanyard with a small energy absorber that can limit shocks generated during winch operations. A fixed aluminum alloy ring assists with rope maneuvers. Constructed from 21 mm polyamide webbing.

Breaking load: 22 kN.

Working load limit: 300 kg.

Shock indicator: breakage of secondary stitching at 4 kN.
