

FLEXI-LIGHT 3

MULTI-COLOUR FLASHING MODE

Northern Diver are constantly using feedback to enhance the evolution of our products, our new and improved flexi-light is no different. We have enhanced the prominence of the on/off switch to allow the user to more easily activate the light when wearing a thicker glove. Our multi-colour design means a total of 4 colours can be produced with each push of the button.

Operation

- Press 1. On / Flash / Red
- Press 2. Flash / Green
- Press 3. Flash / Blue
- Press 4. Flash / Yellow
- Press 5. Off
