

RESCUE WRAP PFD

Prepare for any situation on the water with the revolutionary WRS Rescue Wrap PFD. This innovative design seamlessly integrates rescue capabilities into a comfortable and versatile paddle sport cut PFD. Large front storage pocket for essential gear, ensuring quick access during rescues. Adjustable length rescue harness eliminates excess strap length, providing a secure and efficient connection. Unique wrap design allows for easy donning and doffing without the need to pass over the head when contaminated. With the WRS Rescue Wrap PFD, you're equipped to handle any challenge on the water. Its unique design empowers you with both rescue capabilities and comfort.
