REEF PC

The REEF model is a buoyancy aid specifically designed for aquatic rescue operations and manufactured according to the technical specifications of the Italian Police. Made of durable 600D polyester fabric, it guarantees high resistance to wear and tear and weather, making it ideal for intensive and professional use.

Main features:

- Easily accessible VHF radio pocket for quick communication during operations.
- Large rear pocket designed to accommodate the throw bag.
- Additional accessory pockets for storing technical equipment.
- Dual-strap adjustment system:
1-Quick-release buckle for immediate donning.
2-Acetal resin buckle with protective fabric strap, designed to prevent accidental release during use.
- Certifications: Compliant with ISO 12402, ISO 12402-5.
- Buoyancy class: 50 N.

Available in the following versions:
Red version designed for Civil Protection requirements.
Blue version designed for the needs of the Italian Police.
